# Problem statement

In today's digital era traditional resumes alone are not enough to showcase skills and projects effectively. Many students and professionals lack a structures online presence to highlight their work. A digital portfolio provides an interactive and accessible platform to present achievements, skills and experiences.

# Project overview

## Portfolio showcase

A digital portfolio is a collection of work samples and achievements presented online to showcase skills, creativity, and experience.

# About me

Hello! I'm Sowmiya, a passionate digital creative with a love for crafting beautiful and functional digital experiences.\*

With expertise in design and development, I bring ideas to life through innovative solutions and attention to detail.

# My skills

## UI/UX Design

Creating intuitive and beautiful user interfaces with a focus on user experience and accessibility.

## Web Development

Building responsive and interactive websites using modern technologies and best practices.

## Mobile Design

Designing mobile-first experiences that work seamlessly across all devices and platforms.

# Project section

## 1 E-Commerce Platform

A modern e-commerce solution with intuitive navigation, secure checkout, and responsive design.

## 2 Music Streaming App

Mobile-first music streaming application with personalized playlists and social features.

## 3 Analytics Dashboard

Interactive data visualization dashboard with real-time updates and customizable widgets.

# Contact section

Contact information including mails,  
forms and social links.

# End users

This digital portfolio is designed for easy navigation and quick access to projects, skills, and achievements. End users can explore the work samples, view detailed project descriptions, and connect through the contact section. It provides a clear, professional showcase of talents in a simple and user-friendly format

# Tools and technologies

“Showcasing proficiency in essential tools and technologies with hands-on projects, highlighting technical expertise and practical application.”

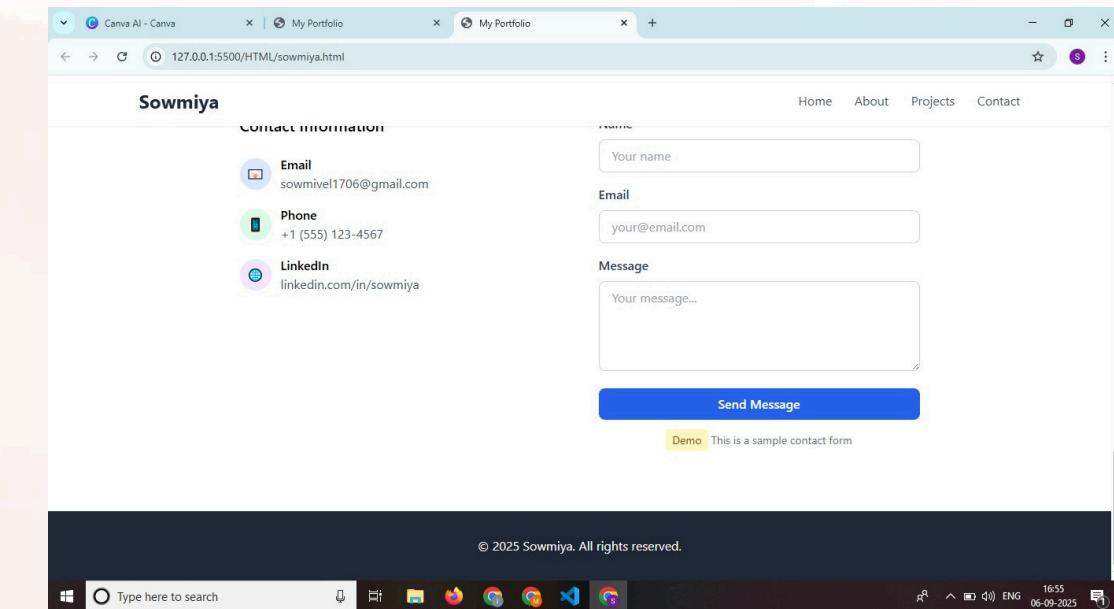

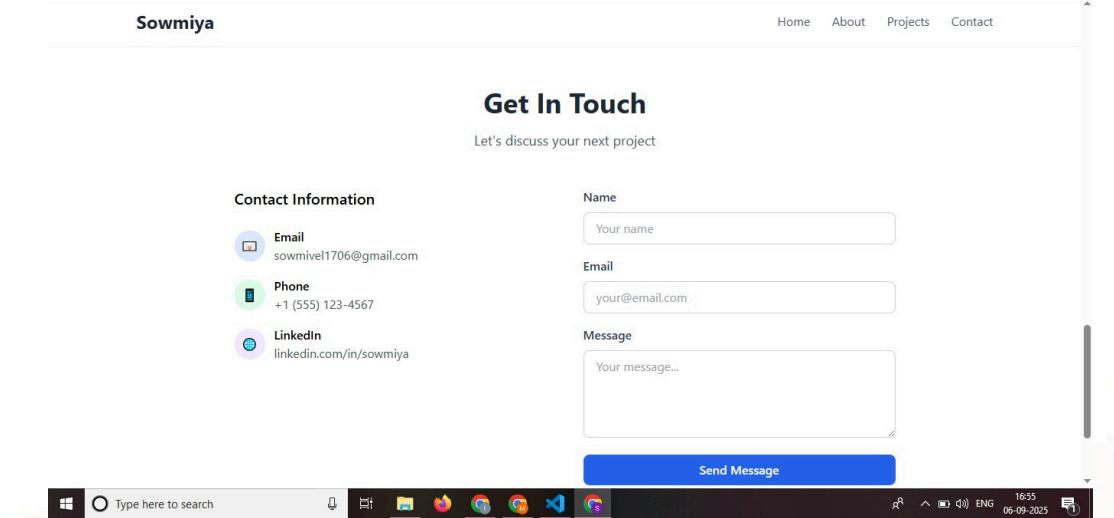

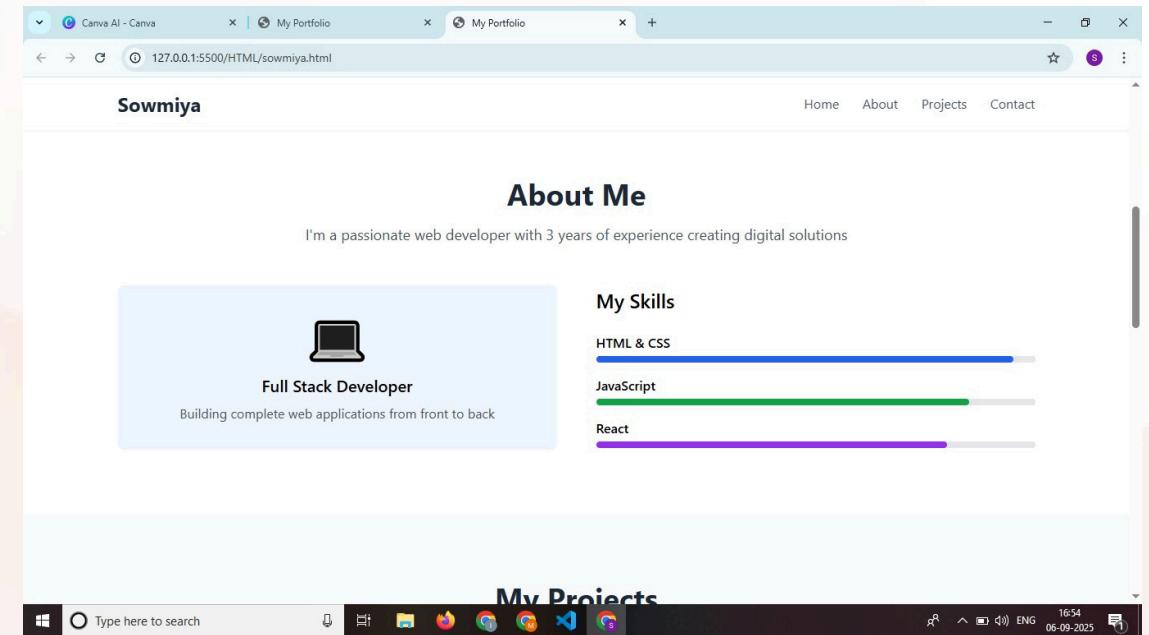

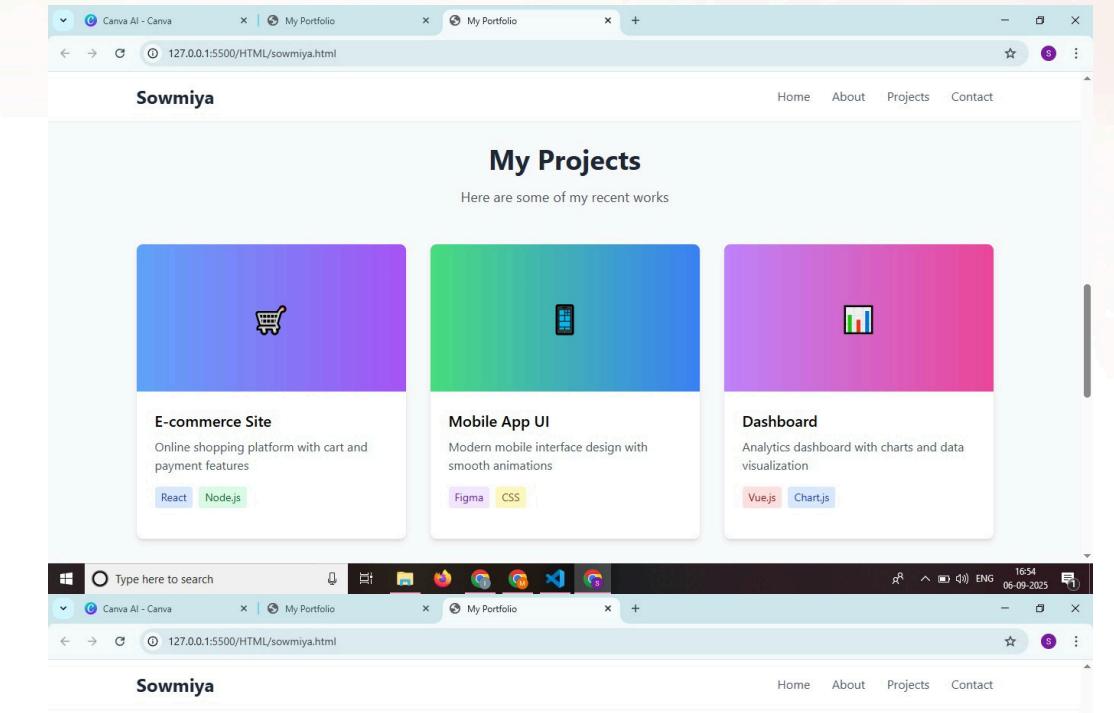

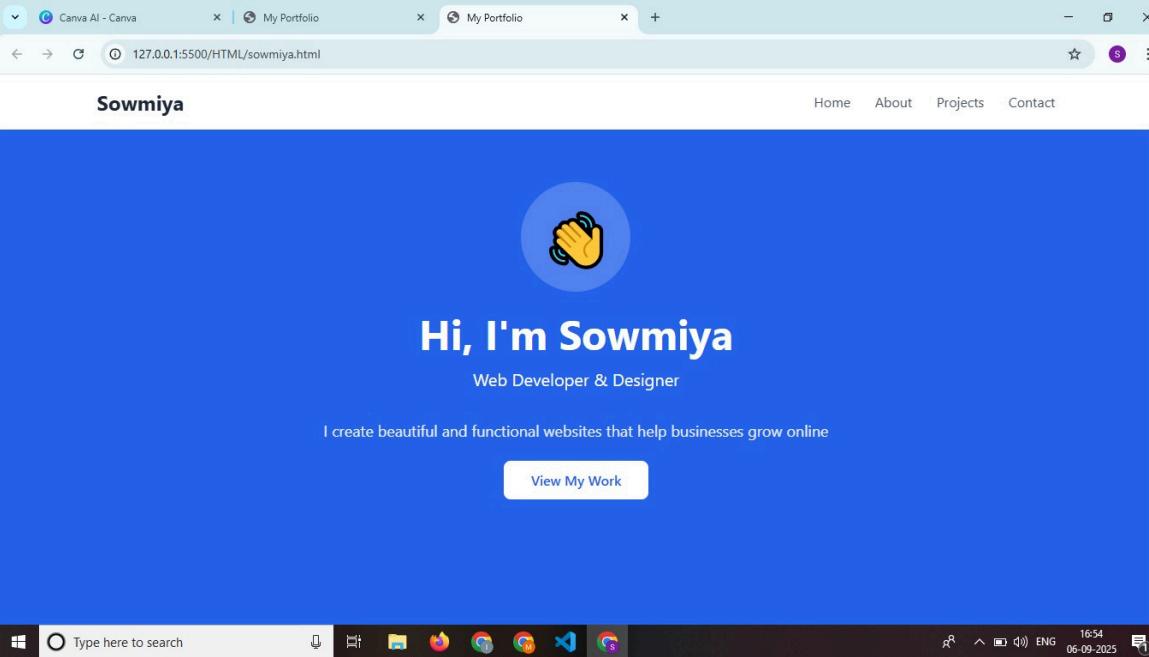

# Portfolio design and layout

**“Clean and well-structured design with user-friendly layout for clear presentation of skills and projects.”**

# Features and functionality

**“Interactive features and smooth functionality ensure easy navigation, engaging experience, and effective showcase of skills.”**

# Results and screenshots

# Conclusion

“This digital portfolio reflects my skills, creativity,  
and growth, serving as a comprehensive showcase  
of my learning and achievements.”

thank

you
